

# Light it up: keep burglars out

Homes left unlit during dark afternoons or evenings signal to a burglar that a property is empty.

Here's some simple ways to improve your security.  
Scan the code for more crime prevention advice

Use lights on timers or smart bulbs you can turn on remotely

Outside, invest in lights with a movement sensor. Don't let plants overgrow, as this can give cover to thieves.

Consider a smart doorbell or home CCTV.

Keep doors, windows and garden gates locked when you're out or at night.

Keep valuables out of sight. Security mark them and register for free at [www.immobilise.com](http://www.immobilise.com)

Ask a neighbour to keep an eye on your property and do the same for them. Join a Neighbourhood Watch scheme at [www.ourwatch.org.uk](http://www.ourwatch.org.uk)
